

My name is Michael Claude Mahurin...

I am a forty-five year old man living in Ashland, OR and have been in Ashland since around September 2002, when I was forced to leave LA and come to my parent's home as a result of a sudden decrease in total energy and motivation.

It turns out that I had kidney cancer and also a type of M.S./M.D. I still don't know much about it except that it weakens you to the point that eventually something else kills you...at least that was what I was told.

It has turned out to be just the opposite, praise God. They said that the best they could hope for was to not get any worse, and at that time I was in a wheelchair, wondering every night when the Lord was going to take me to rest.

About that time, and I thank God so much I made a decision that whether I lived or died, with whatever strength I had left, I was going to tell people about the awesome Love of Jesus Christ that I had been a silent beneficiary of for so many years. I wasn't afraid anymore and if the Lord would keep me alive, I would do just that. If you talk to anyone that knows me, they would quickly agree that I love to talk about Jesus Christ.

The big difference between now and then is, I have gotten better, I have joined a wonderful church in Ashland that truly loves me, and through the inspiration of the Holy Spirit, Better Life Television and Three Angels Broadcasting, I can honestly say I have exceeded my greatest expectations. I have studied and learned more about Jesus Christ and everything about Him in these last few years than I ever could have in any other way.

My all around life has become renewed and blossomed day by day. Praise God. I still get quite sick sometimes and to be honest this disease could aide in my death, but that does not worry me in the least. My main concern today as a Seventh-day Adventist is to do the best and most I can for the Great Commission with whatever strength the Lord chooses to give me. However I feel that whatever day it may be, one thing is for sure, Jesus Christ and Better Life Television is going to aide me that day in some way. I can't begin to explain the never-ending miracles that have happened in my life as a direct result of praying and having those prayers answered.

I don't know the Lord's plans for me, I just know that He does have one, [Jeremiah 29:11] and if it ends tonight while I am sleeping, I really can't complain. God is so wonderful, good and merciful!

How ever I feel and what ever day it may be, one thing is for sure, Jesus Christ and Better Life TV is going to aide me that day in some way.

Of course I have put in for a long extension and would love to be here alive when He returns, but we'll just have to see about that. Until then, it's pray, study my Bible daily, reach out in love to others and support my remnant church family both here and abroad in any way I can.

But my favorite and most blessed thing I feel I get to do is support Better Life Television and 3ABN. They are always there for you with an encouraging word, a wonderful smile and a good report. I strongly urge

any of you that may do so, to support them as well, too. There is a great blessing in it for you and it is exactly what the Lord is doing in these last times.

Sometimes even just a call to Better Life TV to say "Thank You" brightens their days and they love to pray with you. Of course we all know that it is none other than Jesus Christ and the Holy Spirit that has made these miracles possible, but they also are all such willing vessels for our Lord.

Whoever you are, and whatever you believe, I personally just want to say that Jesus Christ is real and He loves us all so very much. I hope for each of you a life free of sin and worry and full of the abundance of His Holy Spirit.

Truth, Love and Faith, but most of all Love in Christ...Michael C. Mahurin

Love me Lord Jesus, please, use me again.
There's a man over there and he's drowning in sin
Have mercy, Oh Lord!..how he looks just like me,
Even though, it was before you set me free.

Love Me Lord Jesus, please, use me again,
There's a widow over there, and she sure needs a friend.
Pour out your Spirit, Lord, on her sweet aging face,
Give me the courage to hug her and the right words to say.

Love me Lord Jesus, please, use me again,
This whole wretched world is reaching it's end.
Help me to reach all those, Lord, that you want me to
Forgive me Lord Jesus, if sometimes I get tired and blue.

Love me Lord Jesus, please, use me again,
There's a boy in the mirror, that's really a man.
You've made me that way, Lord, to better serve you
To see, think, speak and do, Lord, I'm all yours to use.

Love me Lord Jesus, please, use me again,
Your High Holy Spirit, calls me in the wind.
To fill myself up, with the sweet latter rain,
And speak to the world, in Your Most Blessed Name.
Before it's too late!...Let me bring even one....To the Throne...Of the One
Great "I Am", Have Mercy and Love me Lord Jesus...Please!...Use me...Again
